Recent Arrival! Black Exposed Rear Recovery Eyes, Extended Bright Exterior Pack, Exterior Parking Camera Rear, Grained Leather Seat Trim, Heated front seats, Navigation system: Connected Navigation PIVI Pro, Panic alarm, Power moonroof, Premium Interior Protection & Storage Pack (5 Seat), Security system, Ventilated front seats, Wheels: 20" Gloss Dark Grey Style 5095. 2023 Land Rover Defender 130 SE Fuji White. The 2023 Land Rover Defender 130 SE P400 is an impressive eight-passenger SUV, finished elegantly in Fuji White paint contrasted by the warm and inviting Acorn leather interior. The SE trim features the powerful P400 engine, which is a three-liter mild-hybrid inline six-cylinder producing nearly four hundred horsepower, providing effortless motivation for the long wheelbase vehicle. The Extended Bright Exterior Package enhances the Defender's rugged silhouette by adding upscale Noble Chrome finishes to the front and rear skid pans. This package further includes Ceres Silver paint on the wheel arch mouldings and lower body cladding, giving the vehicle a more premium and less utilitarian appearance. The truck rides on substantial twenty-inch gray wheels, often finished in a Dark Satin Grey (or a similar finish like Style 5098) which offers a sophisticated, monochromatic look that complements the Fuji White body color without the high contrast of a black wheel. Finally, the Cold Climate Package ensures passenger comfort in inclement weather, typically featuring luxury amenities such as a heated steering wheel, a heated windshield to rapidly clear ice and fog, and heated washer jets to prevent nozzle freezing, making it fully prepared for challenging conditions.
