The 2023 Range Rover Sport offers a unique opportunity to acquire a nearly-new, second-generation model at a significant value, allowing the new owner to save a substantial amount from the original retail price. This luxury performance SUV is finished in the crisp, non-metallic Fuji White exterior, a timeless color that perfectly highlights the vehicle's clean, reductive design. The interior is upholstered in rich Ebony Leather, providing a classic, sophisticated, and durable contrast to the white exterior. The assertive and modern styling is further amplified by the factory-installed design elements, including the sleek Black Contrast Roof which visually lowers the profile, and the Black Exterior Package. This highly desirable package systematically finishes key exterior components such as the grille details, bonnet and fender vents, lower bumper accents, and the Range Rover script badging in Gloss Black or Narvik Black, delivering a highly desirable, dramatic, and stealthy aesthetic. As a low-mileage example, this Range Rover Sport delivers the full experience of cutting-edge technology, powerful engine options, and the signature blend of peerless comfort and engaging on-road dynamics that characterize the latest generation.
